

Pharmaceutical R&D and QC Analytical Support

Researching and Providing Solutions for the Future!

Leading edge of technology: state-of-the-art instrumentation and automated systems

ADPEN is a leading R&D contract laboratory and has serviced the Pharmaceutical industry as a Minority Woman Owned Business for 20 years. Our staff of well trained professionals is experienced in QC, research and residue chemistry and are ready to help you get your toughest projects completed. We operate under FDA, EPA, OECD, FCC, WHO, GLP and cGMP guidelines. Our major clients are well-known companies throughout the world.

ADPEN is at the leading edge of technology utilizing the latest in instrumentation such as LC-MS/MS systems (Agilent 6490, AB Sciex 5500, 4000QT, API 4000, API 3000), HPLC systems (Agilent 1100, 1200 and 1290), and GC, GC/MS systems (Agilent 6890/5975). We also have the Dionex Accelerated Solvent Extraction (ASE) system and Bio-tek immunoassay systems.

The best quality analytical service available

ADPEN specializes in pharmaceutical, food safety and agrochemical analytical services:

- Analytical Testing using HPLC, LC/MS, LC/MS/MS, GC/MS, GC, UV/VIS, FTIR . ICP/MS
- Analysis of antibiotics and drugs by LC/MS/MS
- Monograph /Compendia Testing: USP, ACS, AOAC, FCC, EC, WHO, etc.
- Storage Stability Testing (ICH/ USP)
- Combinatory Chemistry by LC/MS/MS
- OTC and Generic Drugs Testing in Foods
- Method Development and Validation
- Dissolution and Disintegration Testing
- Microbiological Testing
- Clinical Trial Testing
